GARBAGE FACILITY

Policy and Procedures – Effective October 1, 2023

ADMISSION

The Greenwood garbage facility is for the exclusive use for the residents and businesses, located within the corporate limits, of the Town of Greenwood upon presentation of your garbage card to the Attendant.

Use of the garbage facility by non-residents is not allowed. **Removal and/or salvaging of items brought to the garbage facility for disposal is prohibited.** Violation of these established policies and procedures are subject to investigation and prosecution.

If you have any questions about an item, please contact Town Hall before taking the item to the garbage facility.

HOURS

**Saturdays Only
7:30am to 4:30pm**

HOUSEHOLD GARBAGE

Household garbage must be in tied garbage bags to be accepted at this facility. Loose garbage or busted bags are not allowed. Garbage must be placed in the designated dumpsters for household garbage. The Attendant on duty will provide assistance if needed.

ROLL-OFF CONTAINER

The Roll-Off container is available for the disposal of light household items and this service is **ONLY** available on the **1st and 3rd** Saturday of each month. Attendant will need to inspect items prior to disposal and provide assistance as needed.

Because of size of bulk, some items cannot be placed in the roll-off container. If contractors or companies are working at your home, require them to include trash removal as part of the job. If accommodations cannot be made with the contractor, then hire a contractor to dispose of these items or take it to a landfill for disposal.

YARD TRASH

Yard Trash – grass clippings, leaves, tree limbs and pine straw and shrub trimmings.

Yard trash can be taken to the garbage facility on the **2nd and 4th** Saturday of each month. In order to meet State of Florida requirements, the Town of Greenwood requires the separation of yard trash from residential garbage, as yard trash cannot be placed into lined landfills.

Your help is required in order to ensure compliance. Therefore, we ask that you follow these guidelines.

1. Yard trash should be placed in the area designated for yard trash at the Greenwood garbage facility. Before entering this area, the garbage attendant will inspect the items to ensure compliance.
2. Please ensure that tree limbs are no more than eight inches in diameter and eight feet in length.

Other debris such appliances, furniture, construction/demolition, white goods, etc. are not allowed in the area designated for yard trash.

HAZARDOUS MATERIAL

Because of potential health and safety concerns, some items cannot be disposed at the Garbage facility.

Items which are considered toxic and hazardous include but are not limited to:

- Lead acid batteries, used motor oil, computer, televisions
- Automotive parts, tires, pesticides, paint and solvents, pool chemicals, materials containing asbestos, household cleaning materials, medical waste, etc.

The garbage facility has designated areas for recycling. Please see garbage attendant for assistance.
